.....

W-Br Well, like last year, as one of the sponsors of the event, we'll have our company
name printed on the banner

M-Au Great, but this year, I'd also like us to donate our top of the line bicycle to
the winner of the race to show how much we care about our community

W-Br That's a nice idea, but sponsoring the race is already going to be
..... costly I'm worried about the added expense of
donating a bicycle as well.

M-Au Well, my space is quite large - enough to fit two cars or a work truck. It also has a dock in the back to load large container , if that would be useful to you.

W-Br Ideally, yes. I build large items, and a loading dock would make pickup and delivery easier.

M-Au Would you like to see it this afternoon? Currently, there's no electricity , but I could call and have it turn on today.

53-55

W-Am Waseem, I know this is last-minute, but is there any change we can add section workbook seminar another to the for tomorrow's?
